How do you design a video game that people love to play? In this practical guide, game designer Tynan Sylvester shows you how to create emotionally

Tynan Sylvester Designing Games - dl.booktolearn.com

Review of "Designing Games" by Tynan Sylvester. I only have one complaint about this book...it ended. I wanted the author, Tynan Sylvester to go on for at least another 200 pages. Hopefully, one day, he'll write one just talking about all the true and weird stuff that goes on in the games industry. This book is heads and tails above any "classic" game design book or manual.

Review of "Designing Games" by Tynan Sylvester

Among other things, I show how to: Sniff out the most elegant solutions to problems - those that have the lowest cost in player attention and developer... Create games that are both accessible and deep. Accessible games are playable by novices, while deep games are... Schedule rewards to keep ...

Book | Tynan Sylvester

I'm Tynan Sylvester. I've been designing games since 2000. The smallest projects I've worked on were one-man indie games on which I wrote every line of code and painted every frame of art. The largest was my four years as a level and systems designer on Irrational Games' 110-person development team making BioShock Infinite.

About | Tynan Sylvester

In this practical guide, game designer Tynan Sylvester shows you how to create emotionally charged experiences through the right combination of game mechanics, fictional wrapping, and story. You'll learn design principles and practices used by top studios, backed by examples from today's most popular games.

Designing games: a guide to engineering experiences ...

Tynan Sylvester is a massively under-appreciated contributor to the art and science of game development and design. Within the first day of reading this book, my buddy and I had major breakthroughs with our game that had been trapped by bad design.
