You can also look at their Top10 eBooks collection that makes it easier for you to choose.

Fragment Warren Fahy

Scientists have made a startling discovery: the last fragment of a primordial supercontinent on which life has evolved separately from all other life on Earth. The time is now. The place is the Trident, a long-range research vessel hired by the reality TV show SeaLife. Aboard is a cast of ambitious young scientists, and a director dying for drama.

Fragment: A Novel - Kindle edition by Fahy, Warren ...

Warren Fahy's Fragment duology are those weird kind of books where the perfectionist in me feel they aren't very good - characters tend to be flat, the dialogue clunky and juvenile with lots of exclamation marks and people constantly going wow! - but when it all comes down to it I just don't give a shit about the imperfections (which is very rare for me).

Pandemonium by Warren Fahy - Goodreads

Warren Fahy has created a masterpiece of creativity, intelligent scientific theory, sociological debate, and horror. There is so much involved in this story that it truly stands out within the Sci-Fi genre. It has enough similarities to Jurassic Park to make for an apt comparison, but is unique
